## How to Custom Promotion Links

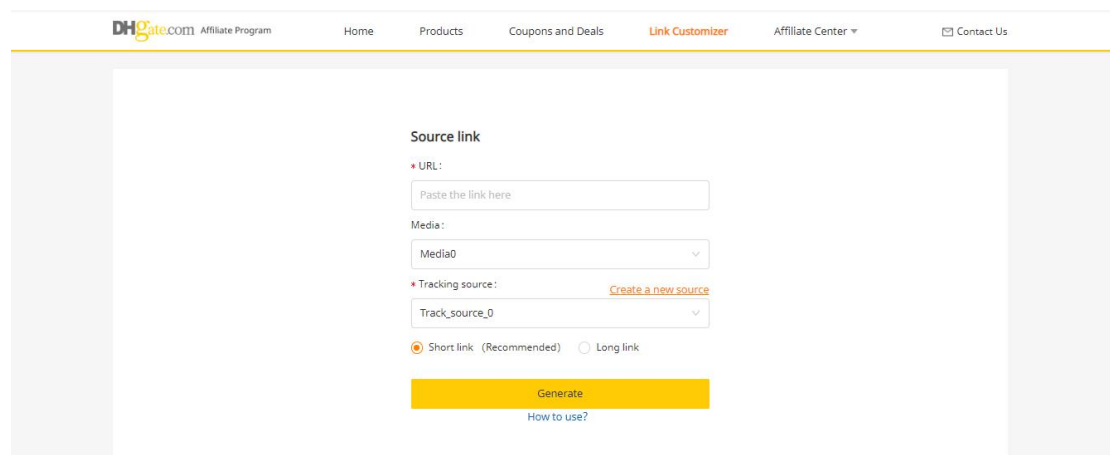

Generate link for any landingpage you like.

**Step 1:** Find the landing page you want. (any page of [dhgate.com](http://dhgate.com) or [best.dhgate.com](http://best.dhgate.com))

For example: <https://www.dhgate.com/activities/promotion/flashdeals.html>

**Step 2:** Put the link into [Link Customizer], choose what media and tracking source you'd like to use for. You can also create a new tracking source.

**Step 3:** Copy the tracking link.

The screenshot shows the DHgate.com website interface. At the top, there is a navigation bar with the DHgate.com logo, an affiliate program link, and several menu items: Home, Products, Coupons and Deals, Link Customizer (highlighted), Affiliate Center, and Contact Us. A notification bubble at the top center states, "A promotion link was generated. Please copy it." Below the navigation bar, the main content area is titled "Link Customizer". It contains three instructional steps: "Step 1: Find your desired page on DHgate.com or best.dhgate.com", "Step 2: Copy the link and paste it in the field below", and "Step 3: Generate your promotion link". Under the heading "\* URL:", there is a text input field containing the URL "https://www.dhgate.com/activities/promotion/flashdeals.html". Below this, the label "Promotion link:" is followed by a text input field containing the same URL and a "Copy" button. At the bottom of the form is a large yellow button labeled "Generate Link".
